## Coronavirus update - links to information and resources

**New York State is under a Stay-at-Home (PAUSE) directive until at least May 15!**

### What is "Stay-at-Home" or PAUSE?

*People should not leave their homes except for essentials such as groceries, medicine, banking or emergencies. When outside in public, cover your nose and mouth with a scarf, bandanna or mask and practice social distancing. Businesses that do not provide essential services must close and send workers home. Businesses considered essential could include grocery stores, restaurants that do take out service, pharmacies, organizations that provide services for vulnerable populations, first responders and hardware stores. Public transportation continues to operate to get nurses, doctors, law enforcement officers, and other essential personnel where they need to go. Everyone else: Limit the use of public transportation to only when necessary.*

The situation changes by the hour as new information and directives come out. We are providing links to trusted source information so that you can check the most up-to-date information. This information is also posted on [www.murrayhillnyc.org](http://www.murrayhillnyc.org). Read more about:

## New Courses at the Henry George School of Social Science

### Understanding Our Political Economy

(Virtual course) The purpose of this course is to study fundamental economic principles and to apply them in solving today's economic problems: poverty, wealth inequality, unemployment, the boom-bust cycle, high taxes, inflation, etc. The textbook used is Henry George's masterwork, *Progress and Poverty*. Though this book first appeared in 1879, it is fully applicable to today's conditions since the principles with which it deals are both timeless and universal. The instructor, Edward J. Dodson is retired financial sector executive and a long time faculty member of the Henry George School of Social Science. Students can watch the lectures and complete all the quizzes and assignments online at their own pace. [hgsss.org/understanding-our-political-economy](https://hgsss.org/understanding-our-political-economy).

Thursdays, starting May 21 6:30–8:30pm

### Land Value Return and Recycling for Prosperity, Sustainability and Equity

Public infrastructure has long played a crucial role in the growth and prosperity of our cities. How we raise funds to pay for infrastructure is just as important as how much funding we raise for this purpose. This 5-session online course, will examine: the relationship between infrastructure, land use, sustainability, resilience and equity; the difference between taxes and fees; the impact of different infrastructure funding techniques on integrating infrastructure and land use along with their impacts on total and per-capita infrastructure costs, job creation and affordable housing; "Land value return & recycling" as an important, but often-overlooked component of infrastructure funding; and opportunities for and impediments to LVRR implementation. The instructor Rick Rybeck is the Founder and Director of Just Economics LLC, a Washington DC based consultancy that assists communities in promoting job creation, affordable housing, transportation efficiency and sustainable economic development. Thursdays, 5/21, 5/28, 6/4, 6/11, 6/18. Free, and registration fees are waived during the health crisis. Presented by the Henry George School of Social Science. Register at [eventbrite.com/e/land-value-return-and-recycling-for-prosperity-sustainability-and-equity-tickets-102912417812](https://eventbrite.com/e/land-value-return-and-recycling-for-prosperity-sustainability-and-equity-tickets-102912417812)

## It's time to respond to the 2020 Census survey

### [Important 2020 Census Dates](#)

**PLEASE RESPOND TO THE CENSUS SURVEY WHEN YOU RECEIVE YOUR INVITATION. YOU SHOULD HAVE IT BY NOW. NEW YORK CITY HAS A POOR RESPONSE RATE! LET'S GET A GOOD RESPONSE RATE FOR MURRAY HILL!**

**An Important NYC 2020 Census Message from Cardi B:** [youtube.com/watch?v=znXv63ZeEb4](https://youtube.com/watch?v=znXv63ZeEb4)

There are 3 ways to respond to the Census: online, by phone, by mail. Census workers will visit homes that have not responded.

**April 1** is a key reference date for the 2020 Census. When completing the census, include everyone living in your home on April 1, 2020. The census contains only 10 questions, and none ask about employment, income, immigration, citizenship, or for your Social Security number. The census asks how many people are living or staying in your home, their sex, age, race, and ethnicity, whether your home is owned or rented, your home address. All responses are confidential and protected by law. If you are responding online, you must complete the census in one sitting, as you won't have the ability to save your progress. **See the questions the census asks:**

<https://2020census.gov/en/about-questions.html>. The census is available online and by phone this year: [my2020census.gov](https://my2020census.gov) and 1-844-330-2020. If you need help filling out your census, you can email [NY12CensusHelp@mail.house.gov](mailto:NY12CensusHelp@mail.house.gov).

**April 20-27:** Final reminder postcards will be delivered to households that have not yet responded before census takers follow up in person.

**August 14 (extended due to the pandemic):** If a household does not respond to any of the invitations, a census taker will follow up in person. Also, please, beware of scams. No one should be knocking on your door claiming to be a Census Taker or Enumerator, since now that phase will not begin until early

summer. So for now, do not open the door to anyone claiming to be with the Census. If you respond to the Census 2020 survey immediately when you get the invitation, nobody should be knocking on your door.

**December 2020:** The Census Bureau will deliver apportionment counts to the President and Congress as required by law.

**by March 2021:** The Census Bureau will send redistricting counts to states. This information is used to redraw legislative districts based on population changes.
