In this Issue

Letter from the President

What a difference a year makes! This time last year, we were getting ready to celebrate the Association’s 60th anniversary. Now we are in the middle of a pandemic, and we are facing major economic and racial equality concerns. Throughout this time, the Association continued to meet and address the concerns of the neighborhood. (During the pandemic we have been meeting via Zoom.)

The issues we have been dealing with include crime, construction issues and accidents, clean up and greening, the homeless, business reopening and membership communications.
We hope you will join us at our annual meeting via Zoom on October 1st at 7pm. We will be updating everyone on the above issues and maybe a little surprise. A formal invite will be emailed to you.

I urge all members of the Association to stay safe during the pandemic, renew your membership, complete the Census, and vote in the November 3 General Election! All New Yorkers can request an absentee ballot.

Most importantly, stay safe, and if you need any assistance just email us at info@murrayhillnyc.org or call 212-886-5867.

—Diane Bartow, President, The Murray Hill Neighborhood Association

Greetings from the Green and Clean Committee!

The Green and Clean Committee’s work continues with an eye toward keeping Murray Hill clean and beautiful. With help from our member volunteers we are really making a difference. In the coming months, we will coordinate with our contractors to fertilize our trees, work with NYC Parks Department to plant new trees where needed, and continue our program to repair and replace tree guards.

MHNA Tour Guides Are Cooking Up a New Menu

The Murray Hill Neighborhood Association tour guides re-imagined and repurposed their planned activities due to the coronavirus. The new walking tour was offered for free as a streaming video during the early months of the pandemic. The Scavenger Hunt of Historic Murray Hill was repurposed as a contest for all age groups, and the deadline has been extended to September 27. The winner, who will be announced at the MHNA Annual Meeting on October 1, will receive a one night stay at the **Shelburne Hotel & Suites by Affinia** at 303 Lexington Avenue (37th Street). The second place winner will receive a $50 gift certificate for a local restaurant. [Contest details](#).

You still have time to enter!

The [DVD](murrayhillnyc.org) or a [streaming version](murrayhillnyc.org) of the walking tour can be purchased through our online catalog at murrayhillnyc.org.

NYPL’s SIBL branch is relocated and the Mid-Manhattan branch gets an update

The New York Public Library’s Mid-Manhattan Library, at 455 Fifth Avenue (SE corner at 40th Street), has been redesigned, renovated, and renamed the Stavros Niarchos Foundation Library (SNFL). With the completion of the renovation of 455 Fifth Avenue, the branch is now providing Grab & Go circulating services for their printed books. The full reopening, however, will be phased in, in accordance with the City’s coronavirus guidance for the number of people allowed in indoor spaces. At this point, the library is offering online workshops and talks.

The Science, Industry & Business Library (SIBL) circulating collection has been relocated from 188 Madison Avenue to 455 Fifth Avenue, and the business library will be called the Stavros Niarchos Foundation Library Business Center. SIBL’s research collections have been moved to the Schwarzman
Building (main branch). The SIBL space on Madison Avenue between 34th & 35th Street has been sold, and will no longer be used by the NYPL.

The SNFL (Mid-Manhattan) branch moved to its current building, a former Arnold Constable & Company department store, in 1981. The department store was built in 1914 on the site of the former Vanderbilt mansion.

A Birthday Gift from Bagel Boss

I awoke to a beautiful Sunday morning late in June and said to myself, Happy Birthday, Ellen! Times being what they are now, I decided I needed a treat, and so I stopped in at Bagel Boss to indulge myself. As I was waiting at the counter for my order to be assembled, my eyes rested on one of my favorites, babka. Ah ha! And what I thought I said to myself was overheard by the counter man. He said, “What did you say?” I repeated my thought that this babka would be my birthday cake. He asked which day was my birthday. I replied, “Today.” And so he wished me a happy birthday and said the cake would be a present from Bagel Boss. A special treat from a big-hearted neighbor!

The Business Forum Welcomed MBP Gale Brewer for a NYC Reopening Discussion

On July 8, the Murray Hill Neighborhood Association Business Forum held our first ever Zoom webinar, where Co-Chair Lilli Seidman Davis moderated a Q&A with Manhattan Borough President Gale Brewer. We also heard from a representative from the NYC Business Solutions of the Department of Small Business Services who described numerous free services the agency provides to businesses. Owners of Murray Hill restaurants and retail stores were able to share their experiences and challenges with the borough president. If you missed the meeting, you can view the recording on YouTube and the SBS
power point presentation. Murray Hill businesses and nonprofits are invited to join our next webinar. Look for emails with the details, or check our website calendar at murrayhillnyc.org.

The MHNA's first virtual happy hour!

On May 7, The Murray Hill Neighborhood Association hosted the association's first virtual happy hour on Zoom. More than 100 people signed up and over 50 people attended. Trustee, Jon Harari hosted the meeting. We heard from several of our neighborhood's elected officials: Assembly Member Harvey Epstein and Council Members Keith Powers and Carlina Rivera. The MHNA trustees introduced themselves and their committees, and members and guests all had a chance to introduce themselves and to raise a glass. Our thanks to all who attended. We plan to have more of these virtual events. Look for details in the coming months.

Important Information about Grants and Loans for Building Owners in the Murray Hill Historic District

There is good news for building owners in the Murray Hill Neighborhood Historic District and in the National Register of Historic Places. The Landmarks Preservation Commission has confirmed that they have a small grant program that provides federally funded grants to low and moderate income eligible homeowners and non-profits for restoration work. In addition, there is a State Historic Preservation Tax credit for homeowners in certain eligible census tracts. The New York Landmarks Conservancy also has a low interest loan program called the Historic Properties Fund for Restoration which provides free project management as part of the program.

The MHNA Pitches In!

On July 12th, the Murray Hill Neighborhood Association pitched in to help our Third Avenue Business Community re-open. Our volunteers helped clean out tree-beds and remove litter so that small businesses and our community will have a more attractive and inviting business district for welcoming back customers. The initiative was joint effort between the MHNA Greening and Cleaning and Business Committees. Gloves, hand sanitizer and litter grabbers helped to keep the event safe.

If you would like to get a starter kit to help you keep your own block clean, we can drop off bags, gloves and your very own garbage grabber. If interested, please email Stein Berre or Michael-Ann Rowe at info@murrayhillnyc.org.

The Curious Career of Typhoid Mary Revisited

In this time of coronavirus, it is interesting to learn how New York City handled past epidemics and how approaches to public health have evolved. Published in the Bulletin of the New York Academy of Medicine, October 15, 1939, the article “The Curious Career of Typhoid Mary” by George A. Soper tells
the story of Mary Mallon (1869-1938), aka Typhoid Mary, America’s first identified asymptomatic typhoid carrier. Controversy regarding the balance between personal freedom vs. public health was as heated in those days as it is today. Typhoid Mary was quarantined against her will. By the time of her death, more than 400 asymptomatic carriers of typhoid had been identified. Mary Mallon was the only one forced into quarantine.
